

Appl. No. 10/030,065
Amdt. dated January 16, 2004
Reply to Office Action of August 18, 2003

Amendments to the Specification:

Please replace paragraph 1 on page 1 with the following rewritten paragraph:

The invention relates to a method for producing a ring traveler for ring spinning or ring twisting machines and to a ring traveler made according to the method as claimed in claims 1 and 7 respectively.

Please replace paragraph 1 on page 2 with the following rewritten paragraph:

This object is achieved by means of a method also described in the application and a ring traveler which have the features specified in claim 1 and claim 7 respectively.
